

## REHABILITATION DEPARTMENT RULES

1. Based on a referral issued by a doctor, the medical history and an examination of the patient, the physiotherapist (with a master's degree in rehabilitation) suggests the procedures and duration of the therapy.
2. Reservation for ten (10) sessions is initially made at the reception or through our Call Centre.
3. After the second visit that has not been attended by the patient and not cancelled by the patient, all the remaining reservations are cancelled.
4. There may be at most three (3) patients under the care of one therapist at the same time.
5. Patients (or their guardians) agree in writing to suggested procedures.
6. Minors and legally incapacitated patients use the procedures in the presence of their guardians.
7. The payment for the procedures is made each time after the session.
8. Patients covered by comprehensive medical care (Enel-Care Programme or medi-care) are obliged to check the scope of their package at the reception desk before the session.

Please bring with you the following to the first session:

- a referral from a doctor;
- results of examinations (ultrasonography, X-Ray, MRI, and others);
- gym clothing and shoes to change into.
